

# Alaska Pharmacists Association

## Corporate and Business Memberships

Please consider becoming a Corporate or Business Member of the Alaska Pharmacists Association (AKPhA). We are the largest volunteer non-profit membership organization of pharmacists and technicians in Alaska. Our mission is to preserve, promote and lead the profession of pharmacy in our state. Together, we can accomplish this mission.

### *Pharmacy Advocate*

Government affects so many areas of pharmacy, including licensing requirements, relationships with patients, reimbursements and much more. AKPhA is here to make a difference. Communicating the value of what pharmacists provide to patients and the health care system has never been more important. In these challenging times, pharmacists must speak and act with a strong, clear voice to agencies whose decisions have a direct impact on the profession.

During the 2017 legislative session, AKPhA's Legislative Committee will work with our professional lobbyist in Juneau on the following priorities:

- Reintroduction of Pharmacy Fair Audit Legislation
- Assist Alaska Board of Pharmacy with Wholesaler Licensure Legislation
- Explore options to advance Provider Status for pharmacists
- Reintroduction of Pharmacist Prescriptive Authority for Contraceptives Legislation
- Work to get tramadol listed as a controlled substance in Alaska's statutes
- Maintain an active voice with opioid overdose regulations

Members are invited to join us during our annual February Legislative Fly-In to develop relationships with key opinion leaders. We can also arrange meetings with legislators anytime members are in Juneau.
