

Spring 2017

Oncology Lecture Series

The lectures will be held from 12:00 – 1:00 pm in the Cancer Center room 2285 unless otherwise noted.

These presentations will be of interest to Nurses, Pharmacists, Radiology Technicians, and other interested health care providers. No pre-registration is necessary. You may register at the door.

Continuing Nursing Education (CNE) Credit

Providence Alaska Learning Institute, Providence Health & Services Alaska, is an Approved Provider of continuing education in nursing by the Montana Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Providence employees will be able to print their CNE certificates from their transcript in HealthStream.

Accreditation Council for Pharmacy Education (ACPE)

The Alaska Pharmacists Association (AKPhA) is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education (CPE). AkPhA will award 1.0 credit hour of pharmacy CPE to pharmacists and pharmacy technicians that complete each Knowledge Based Activity. Upon satisfactory completion of each lecture, AKPhA will report participant CPE to the CPE monitor within 60 days. AkPhA members and PAMC employees: No Charge, Non AkPhA members and non PAMC employees: \$20.00 per lecture.

Disclosures pertaining to requirements for successful completion of a continuing education (CNE and CPE) activity

In order to receive full contact-hour for this CNE/CPE activity, you must:

- Sign in the roster for the conference/course each day of this presentation,
- Remain until the scheduled end time; and
- Complete a Course Evaluation form for each day of the presentation and turn them in at the registration desk at the end of each day.

This continuing nursing education is being offered without the influence of bias. No conflicts of interest have been identified, no commercial support was received, the event was not sponsored, and no off-label products will be discussed.

Excellent Healthcare through Continuous Learning

Spring 2017 Oncology Lectures

Activity Title	Learning Objectives	Date	Presenter
Reproductive Malignancies	Identify the following characteristics of ovarian, cervical, endometrial, and prostate cancer: Epidemiology, Risk factors, Pathophysiology, Clinical manifestations, Staging, Treatment options.	Jan 10, 2017	Alyssa de Castro, PharmD
Breast Cancer	Identify the following characteristics of breast cancer: Epidemiology, Etiology, Risk Factors and Genetics, Clinical Presentations, Screening, Staging, Treatment, Prognostic Factors, Prevention, Future treatments.	Jan 24, 2017	Alyssa de Castro, PharmD
Leukemias, Acute and Chronic	Identify the following characteristics of acute and chronic leukemias: Epidemiology, Pathophysiology, Risk Factors, Clinical Manifestations, Classification, Treatment Options.	Feb 14, 2017	Alyssa de Castro, PharmD
Lymphomas	Identify the following characteristics of Lymphomas: Epidemiology, Risk Factors, Pathophysiology, Clinical manifestations, Staging, Treatment options.	Feb 28, 2017	Alyssa de Castro, PharmD
Multiple Myeloma and Myelodysplastic Syndrome	Identify the following characteristics of Multiple Myeloma and MDS: Epidemiology, Risk Factors, Pathophysiology, Clinical manifestations, Staging, Treatment options.	March 14, 2017	Alyssa de Castro, PharmD
CNS and Head/Neck Cancers	Identify the following characteristics of CNS and Head and Neck cancers: Epidemiology, Etiology, Risk Factors, Pathophysiology, Screening, Diagnosis, Clinical manifestations, Staging, Treatment options.	May 9, 2017	Alyssa de Castro, PharmD
Sarcoma and Malignant Melanoma	Identify the following characteristics of sarcoma and malignant melanoma: Epidemiology, Risk factors, Pathophysiology, Clinical manifestations, Staging, Treatment options	May 23, 2017	Alyssa de Castro, PharmD
Colorectal Cancer	Identify the following characteristics of colorectal cancer (CC): Epidemiology, Risk Factors, Pathophysiology, Clinical manifestations, Staging, Treatment options.	June 13, 2017	Alyssa de Castro, PharmD
Lung Cancer	Identify the following characteristics of both small cell and non-small cell lung cancer: Pathophysiology, Biology, Clinical manifestations, Diagnosis, Staging, Treatment options.	June 27, 2017	Alyssa de Castro, PharmD
Pediatric Malignancies	Identify the following characteristics of Ewing's sarcoma, Wilm's tumor, rhabdomyosarcoma, and retinoblastoma: Epidemiology, Pathogenesis, Clinical manifestations, Staging, Treatment options, Prognosis	July 11, 2017	Alyssa de Castro, PharmD
